

# CALL FOR PAPER

JULY 1-2, 2025  
ENSIC, UNIVERSITÉ DE LORRAINE, NANCY (FRANCE)

Eco-Chemistry for sustainable products®

& Sustainable pharmaceutical Industry

Dear colleagues and partners,

We are pleased to invite you to **SECF Sustainable Nancy 2025**, a two-day event taking place on **July 1-2, 2025**, at the **ENSIC campus of Université de Lorraine** in **Nancy, France**.

The event will feature two thematic days:

**#1 Eco-Chemistry for Sustainable Products®** – *Join the Future of Chemistry: Sustainability in Action to Create Environmental Value*

**#2 Sustainable Pharmaceutical Industry** – *Shaping a Sustainable Future for Pharmaceuticals*

You are invited to submit your abstract now via the **paper submission platform until 28<sup>th</sup> of March**: <https://secf-2025.sciencesconf.org/>

For any inquiries, feel free to contact us at [events@ul-propuls.fr](mailto:events@ul-propuls.fr)

**We look forward to seeing you in Nancy!**

The Organizing Committee

 **Date:** July 1-2, 2025

 **Location:** ENSIC campus, Nancy, France

Submission website

**You can submit your abstract now!**

Eco-Chemistry for sustainable products®

#1

The abstract submission platform is open.

We encourage you to submit your abstracts **until the 28<sup>th</sup> of March**.

For **Eco-Chemistry for sustainable products®**, the topics covered are:

- ✓ **Managing Risks:** Strategies for navigating regulatory changes and defining sustainability policies.
- ✓ **Reducing Impacts:** Methodologies and tools for effective sustainability monitoring.
- ✓ **Creating Opportunities:** The role of AI, bio-inspiration, and catalysis in sustainable innovation.
- ✓ **Success Stories:** Case studies of profitable, sustainable innovations.
- ✓ **Sustainability Culture:** Strategies for embedding eco-innovation across organizations.

Sustainable pharmaceutical Industry

#2

The abstract submission platform is open.

We encourage you to submit your abstracts **until the 28<sup>th</sup> of March**.

For **Sustainable pharmaceutical Industry**, the topics covered are:

- ✓ **New Trends in Pharmacy in an Uncertain World**
- ✓ **Sustainability in Industrial Pharmacy**
- ✓ **Process Improvement & Intensification**
- ✓ **Engineering Innovations & the Future of Manufacturing**
- ✓ **Operations & Workplace Safety**
- ✓ **Sustainable Packaging Solutions—Supply chain challenges**
- ✓ **Technology Management & Digitalization**
- ✓ **Artificial Intelligence in Pharma**
- ✓ **Case Studies & Best Practices**
- ✓ **Education & Continuous Learning**

## Submit my abstract

You can submit your abstract on the Website Sciencesconf, you just have to create an account in 5 minutes.

Submission website

## Submissions instructions

You will find below some key information such as the topics to submit your abstract as well as information about the submission process.

Your file must comply with the following instructions:

- Your document must be in a A4 size (21 x 29.7 cm) and in a PDF format
